

# Geospatial Summer Institute Fellowship Program 2010

May 18 - 21 & 25 - 28, 2010 • University of Oklahoma Norman Campus

Sponsored by Oklahoma NASA Space Grant

&

Presented by the Center for Spatial Analysis & Geoinformatics

**Program:** The Geospatial Summer Institute, a 3 credit hour fellowship course, provides undergraduate and graduate students with an *introduction to geospatial information technology* including Remote Sensing, Global Positioning Systems, and Geographic Information Systems.

**Fellowships:** sixteen fellowships valued at \$1500 will be competitively awarded to support student attendance. Fellowships provide for tuition, fees, materials, textbooks, lodging (when applicable for those outside the OKC metro area) and more. Each student fellow will receive a \$500 stipend, 3 credit hour option, certificate of completion, textbook and trial software upon successful completion.

**Instructors:** GIS 4353 will be taught under the direction of Dr. May Yuan of the University of Oklahoma with additional instruction by faculty and staff in Geoinformatics and the Center for Spatial Analysis

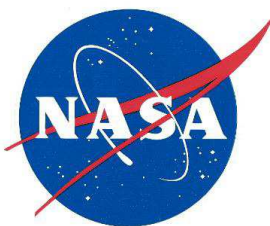

**Eligibility:** Undergraduate and graduate students from all Oklahoma NASA Space Grant Consortium affiliate institutions (OU, OSU, ECU, Langston, Cameron, SNU, SWOSU SOSU) are eligible to apply for the fellowship. Must be U.S. citizen, in good academic standing, enrolled for the 2010-2011 academic year and eligible for admission to the University of Oklahoma if not an OU student.

*\*Additional lab seats are open to regular course enrollment in GIS 4353.\**

**Application Deadline:** April 6, 2010

**Selection & Announcement:** April 21, 2010

**To Apply:** Application materials and more online at <http://www.csa.ou.edu/si/>
