### **SUPPORT STAFF PERSONNEL ORGANIZATION**

The Administration and Faculty of a SWOSU depend on the efficiency and commitment of its support personnel. Commitment comes from meaningful involvement and participation in the practices of SWOSU. In recognition of this, SWOSU has organized and officially recognizes the Support Staff Personnel Organization of SWOSU. Support staff includes all employees that are not faculty, administrative officers or students.

The Support Staff Personnel Organization acting through its duly elected representatives may make recommendations to the administration concerning matters that are in the best interest of SWOSU. Such recommendations shall be made to or through the Director of Human Resources Office.

Employees interested in obtaining additional information concerning the Support Staff Personnel Organization are encouraged to contact their council representative or the Human Resources Office.
