Working Draft of Values

- We value our standing as a premier Oklahoma institution of higher education that meets the needs of the state and the region by providing accessible, affordable, high-quality associate, bachelors, masters and professional degree programs.

- We are committed to high standards for instruction, administrative services, research/scholarly and creative activities and service to the university/community.

- Our faculty, staff, and administration are committed to a safe, healthy, and diverse intellectual, cultural, and social environment for student success.

- We are dedicated to the economic stability and growth of our region and cherish our role as a center for arts, culture, and science/technology.

- We guide our actions by fairness, honesty and integrity as we meet our obligations through wise use of financial and natural resources entrusted to us.
As a premier university responding to an ever-changing world, SWOSU will provide an environment for faculty, student and graduate success and public service through:

- Innovative and accessible academic programs;
- Student activities and opportunities;
- Cultural inclusion and diversity;
- Expand international programs, opportunities for international students, and promoting global awareness;
- Community and private sector partnerships that benefit students, faculty and staff and the community;
- Student/faculty research / scholarly and creative activities that expand bodies of knowledge and enhance quality of life;
- Activities and investments that promote ethical, intellectual, and professional growth;
- Promotion of university and community health and wellness;
- Commitment to advancing and maintaining technologies that optimize university operations and classroom and distance student learning;
- Management of our resources and establishment of new avenues to support and preserve quality programs.
- Expansion of alumni relations, recognition, partnerships and support.
The mission of Southwestern Oklahoma State University, a member of the Regional University System of Oklahoma, is to provide educational opportunities, research, scholarly and creative activities, and service in a safe, accessible, nurturing learning environment that meets the needs of the state and region and contributes to the educational, economic, and cultural environment. SWOSU provides traditionally strong programs of study leading to associate through professional masters and doctoral degrees. These areas of study, nationally accredited programs, the general education curriculum, service and experiential learning activities, and participation in student activities / organizations provide opportunities to obtain skills, knowledge, and cultural appreciation that promote achievement by students and alumni.
Planning Assumptions
Enrollment

Grow the enrollment by retaining more students

- Follow existing admission standards set by OSRHE
- Enhance support programs related to student success such as “Early Warning” programs
- Increase recruitment of transfer students and students with higher ACT scores
- Provide access and opportunities for students who do not meet minimum standards, e.g.,
  - Associate degree programs
  - Agreement with community college to provide remedial programs
Student Body Profile

Gender...........................................Same
Race/Ethnicity.................................Increase
Undergraduate enrollment..............Controlled Growth
Graduate enrollment.......................Increase
Instructional Delivery

- In-person.............................................. Controlled Growth
- Online/hybrid......................................... Increase
  - Must be careful that growth counted from online delivery isn’t just the result of students switching from in-person delivery to online delivery
State Funding

- Will remain flat over the next five years
