Databases

CQ Researcher

Contains in-depth analytical reports on current and controversial issues concentric to the U.S. government. Each report gives the reader a broad overview of the issue, including the historical background and a discussion of current controversies and initiatives. The benefit of these reports is the pro/con section clearly stating opposing viewpoints to a question posed based on a current or controversial issue.

ERIC

An index to thousands of education-related journal articles, books, theses, curricula, conference papers, standards, and guidelines.

Medline

An index of journals in the fields of medicine, nursing, dentistry, and veterinary medicine from the National Institutes of Health and other trusted sources.

Military Library FullText

A full text index from over 340 military and general interest publications
