GROOMED TO BE LEADERS

The President’s Leadership Class (PLC) is a four semester leadership program for top students at Southwestern Oklahoma State University in Weatherford. The program was founded in 2006 and is primarily supported by private donations.

Each year approximately 15 of SWOSU's top entering freshman are selected to be PLC Scholars. Each Scholar is awarded a $2,000 scholarship and also receives four semesters of leadership training that fosters both intellectual and personal growth. PLC develops leaders who will have a profound understanding of leadership and its responsible application within organizations, communities and their state.

PLC’s curriculum allows Scholars to develop leadership skills through weekly lectures given by staff, business and community leaders, discussion groups, group projects, community service and internships.

To learn more about the President’s Leadership Class, please go to:
www.swosu.edu/campus-life/presidents-leadership-class

The mission of the SWOSU Honors Program is to present undergraduate students with opportunities for a broader, deeper, and interdisciplinary educational experience. The program seeks to cultivate academic excellence and scholarship in a diverse environment dedicated to achieving exceptional learning and personal standards. The Honors Program also provides students the opportunity to engage in a specialized, in-depth capstone experience that results in a self-reflective, analytical, and creative honors presentation and thesis. If you have a composite ACT score of 28 (or SAT score of 1310) and a high school GPA of 3.5, consider excelling academically through the SWOSU Honors Program.
