

SWOSU Student Evaluation of Site

Thank you for taking the time to complete this evaluation about one of your experiential rotations. Feedback from students to sites can help sites make improvements to their rotation. The information provided will also be used by the Office of Experiential Education to continually evaluate our program. The information will be shared with the site after the completion of each semester, in an anonymous, aggregated form. It will in no way affect your evaluation or grade. The SWOSU College of pharmacy and OEE make every attempt to protect student anonymity in the evaluation process, but due to the individual nature of rotations, students are sometimes identifiable.

Use the Following Scale to Indicate Your Agreement with the Following Statements (please check the appropriate box):

1 = Disagree 2 = Neutral 3 = Agree 4 = Strongly Agree NA = Not Applicable

Evaluation of Site:

(Question 1 of 2 - Mandatory)

	1 Disagree	2 Neutral	3 Agree	4 Strongly Agree	N/A
The site was well maintained with regards to organization and cleanliness					
Both the physical space and workload facilitated learning					
The atmosphere at the site was professional					
The site's personnel were receptive and willing to interact with me					
The site provided a sufficient opportunity for me to meet the learning objectives that were applicable to this course/rotation					
At this site, I was able to apply previously learned knowledge					
At this site, I was able to collaborate with other health care professionals when/if necessary					
At this site, I was able to interact with students from other health professions (medical, nursing, physical therapy, dental, social work, veterinarian, etc.)					
At this site, I was able to participate in patient-centered care activities associated with the Pharmacist Patient Care Process (Collect, Assess, Plan, Implement, Follow-up: Monitor and Evaluate)					
The site afforded me the opportunity to interact with diverse populations (low income, low literacy, English as a second language, varying cultural beliefs, etc.)					
The site had adequate drug information materials, hard copy or by electronic means, and I was encouraged to utilize them					
At this rotation site, I increased my professional competence and confidence					

What, if any, unique opportunities are available at this site? *(Question 2 of 2)*
