Mark your calendars for this training that will be led by a DTTAC Master Trainer Select and includes the following:

- Two days of interactive training with a small group format
- Detailed information on program structure, goals, Prevent T2 Curriculum and the roles and skills of the Lifestyle Coach
- Hands-on practice in group facilitation techniques with feedback from peers and a DTTAC Master Trainer
- Networking with other trainees
- Opportunities to brainstorm around implementation strategies
- Two days of contact hours that exceed CDC’s minimum training requirements

TRAINING LIMITED TO 20 PARTICIPANTS!
