

RETENTION BY DEGREE PROGRAM FALL 2017

The numbers below reflect majors declared by the students. Some professional degree programs – such as occupational therapy assistant, physical therapy assistant, radiologic technology, medical laboratory technician, and education – may have additional requirements before the students are accepted into the degree program for study. Students who are not accepted into such a degree program would be counted in the “not retained” category. Students who change majors are also counted in the “not retained” category.
