To keep pace with a changing world, more adults are going back to college to finish their degree. At the same time, more adults are facing hectic schedules with work, family and other commitments. It’s difficult to achieve educational goals while keeping your life in balance.

By building on past college credit and a flexible eight-week schedule, you can complete a bachelor’s degree in organizational leadership within two years. Convenient, evening class times and online courses also fit into your busy life.

Because this program is sponsored by Oklahoma’s public universities, tuition is reasonable and financial aid is available.

Another benefit of attending one of Oklahoma’s public universities is the credibility of your degree. You’ll study with leading faculty in our state who are full-time professors on campus. You’ll learn from curriculum that thousands of other Oklahomans already have studied. And you’ll be proud to say your degree comes from a leading university in the state.

This innovative program is possible because of a collaborative effort of Oklahoma’s public universities. The participating universities are creating a statewide network of courses designed to enhance your educational goals. Our curriculum focuses on courses in management, business, communications, leadership, ethics and data analysis. It concludes with a capstone course that ties it all together.

Let us help you reach your goals, get a better job or earn more income. Most of all, we want to help you achieve your dream of finishing college. For further information, call 800.951.0768.
