

## OCCUPATIONAL THERAPY ASSISTANT

### IMMUNIZATION OR TITER REQUIREMENTS

For students admitted into the OTA program

The following immunizations are mandatory prior to clinical participation. Once accepted, students are required to submit all original documentation (i.e. shot records, lab results) to the Academic Fieldwork Coordinator by **June 24th**. Failure to provide immunizations by June 25, 2022 will result in revocation of acceptance in the OTA Program.

1. TB SKIN TEST (PPD is required annually)  
(If you have a positive reading, results of chest x-ray should be indicated)
2. TB SKIN TEST  
(Test should be repeated within one to two weeks, if it has been over a year since your last PPD.)
3. TETANUS-DIPHTHERIA (Td)  
Completed primary series of tetanus-diphtheria immunizations or received tetanus-diphtheria booster within the last five years.
4. POLIO  
Completed Primary Series of Polio Immunizations.
5. MEASLES (Rubeola)  
Initial dose (Received on or after 1st birthday)
6. MUMPS  
Immunized at 12 months or later
7. RUBELLA (3 day measles)  
Immunized at 12 months or later
8. VARICELLA TITER (Chicken Pox)  
Immunized if titer shows no immunity
9. HEPATITIS B shot series.
10. INFLUENZA VACCINATION required by October 1, 2022.

**An official immunization record dated within the last year is required. This form is for reference only and does not take the place of an official immunization record.**

*I acknowledge that the above mentioned immunizations are required for clinical participation. Once accepted, I will provide original documentation of verification to the Academic Fieldwork Coordinator by the imposed deadline.*
