Americans With Disabilities Act Amendments Act
The Americans with Disabilities Act Amendments Act (ADAAA) requires the provision of "reasonable accommodations" to those qualified individuals with disabilities by providing equal, non-discriminatory program access in the academic setting.

Students need to take the verifying documentation to the Dean of Students Office, where it will be kept confidential and private to the extent possible. In most cases, verifying documents can be obtained from doctors, licensed psychologists or other professionals licensed to determine the existence, severity of and characteristics of the disability or disabilities. This documentation should include the functional impact of the disability or disabilities. It is the student’s responsibility to request documentation from such professionals, and to request a record of accommodations received at any other educational institution. Appropriate documentation for learning disabilities should be provided with adult norms; typically assessment during high school years will meet this requirement. If accommodations are needed by the student, the student should provide the information and documentation in a reasonably early manner after admission to allow time for the development and arrangement of appropriate accommodations. In some cases, as when books on tape or sign language interpreters need to be requested, documentation should be provided several weeks prior to the beginning of each semester so accommodation arrangements can be made in a timely manner. A copy of Southwestern Oklahoma State University’s documentation guidelines are on the Dean of Students’ website or office, room 214, Gen. Thomas P. Stafford Center, (580) 774-3767.

Affirmative Action Compliance Statement
Southwestern Oklahoma State University in compliance with Title VI and Title VII of the Civil Rights Act of 1964, Title IX of the Education Amendments of 1972, Section 504 of the Rehabilitation Act of 1973, Section 402 of the Readjustment Assistance Act of 1974, Americans With Disabilities Act Amendments Act of 2009, and other Federal laws and regulations does not discriminate on the basis of race, color, national origin, sex, age, religion, disability, sexual orientation, genetic information, or status as a veteran in any of its policies, practices, or procedures. This includes but is not limited to admissions, employment, financial assistance, and educational service.
HISTORICAL BACKGROUND
Southwestern Oklahoma State University is located conveniently just off of I-40, an important interstate route. SWOSU is authorized to offer curricula in arts and sciences, business, teacher education, and health sciences. The additional location at Sayre, also off I-40, is authorized to provide Associate of Science and Associate of Applied Science degrees in both general and specialized areas of study, as well as career and technical education.

SWOSU was established by an act of the Oklahoma Territorial Legislature in 1901 as the Southwestern Normal School, authorized to offer two years of training for public school teachers. The first classes met in 1903. Initially, four years of preparatory work for pre-college students were offered.

In 1920, the preparatory (academy) courses were eliminated and two additional years of college work in teacher training were added. The State Legislature approved a change of name to Southwestern State Teachers College. The first baccalaureate degrees were awarded in May 1921. Other changes in name and purposes occurred in 1939 when the institution was designated as Southwestern State College of Diversified Occupations, and in 1941, when it became Southwestern Institute of Technology. During this two-year period, the college added a school of pharmacy, degree work in the arts and sciences, and trade schools.

In 1949, the Oklahoma State Legislature changed the name of the institution to Southwestern State College, and in 1974, to Southwestern Oklahoma State University, without altering its purposes and objectives. On July 1, 1987, Sayre Junior College was merged with Southwestern Oklahoma State University as a branch campus designated Southwestern Oklahoma State University at Sayre.

Southwestern Oklahoma State University at Sayre was founded as Sayre Junior College in 1938 under legislative authorization which permitted public high schools to add a 13th and 14th year
of study to their curricula. Nineteen public schools took this step. In 1940, the college name was changed to Oklahoma Western Junior College; however, the original name was soon adopted again, and in May 1940 the first degrees were conferred. In 1956, Sayre Junior College moved from facilities occupied jointly with Sayre High School to its present location on old Highway 66. The merger with Southwestern Oklahoma State University marked the end of the Oklahoma community college system, since Sayre Junior College was the only such institution remaining of the original nineteen.

The Sayre campus is located 60 miles west of Weatherford. Its primary service area is western Oklahoma. It offers open admission to high school graduates as well as to students who do not hold a high school diploma.

Southwestern Oklahoma State University offers nine graduate degrees. The Master of Teaching Degree was offered during the period 1953-1969. The Master of Education degree was inaugurated in 1969. Graduate programs leading to the following degrees have been added since 1969: Master of Business Administration, 1977; Master of Music, 1981; the professional doctorate, the Doctor of Pharmacy (PharmD), 1998; the Master of Science in Management, 2007; the Master of Science in Community Counseling, 2009; the Master of Science in Healthcare Informatics and Information Management, 2014; the Specialist in Education (Ed.S.), 2015; and the Master of Science in Nursing in 2016.

MISSION, VALUES AND VISION

The Oklahoma State Regents for Higher Education is the legal structure for public education at the collegiate level and is the coordinating board of all state institutions for higher education. Southwestern is one of six state supported regional universities governed by the Regional University System of Oklahoma. Southwestern Oklahoma State University provides access to higher education for all individuals without discrimination on the basis of race, national origin, gender, or disability status.

The mission of Southwestern Oklahoma State University, a member of the Regional University System of Oklahoma, is to provide educational opportunities, research, scholarly and creative activities, and service in a safe, accessible, nurturing learning environment that meets the needs of the state and region and contributes to the educational, economic, and cultural environment. SWOSU provides traditionally strong programs of study leading to a variety of degrees, from associate to doctoral degrees. The University’s areas of study, nationally accredited programs, general education curriculum, service and experiential learning activities, and participation in student activities and organizations provide students with opportunities to obtain skills, knowledge, and cultural appreciation that promote achievement by students and alumni.

SWOSU confirmed its values with its stakeholders.

University Information

Research Facilities
Southwestern Oklahoma State University possesses supporting facilities for learning and research. The Al Harris Library has 275,000 bound volumes and subscribes to 1,400 periodicals. The collection is expanded by one million microform units. The library is both a U.S. Government and state document depository and has 40,000 U.S. government documents. The library provides access to several electronic databases and to the Internet. The library provides electronic access to SWOSU’s catalog and to other university library catalogs in Oklahoma and throughout the world. Additional facilities on campus include a computer center; microcomputer labs; various tele-learning resources; research laboratories in physics, chemistry, biology, pharmacy, psychology, business, health sciences, educational administration; and a music library.

Financial Services
Students who need financial assistance should contact Student Financial Services (STF 224, 580-774-3786) to determine eligibility for assistance. Most financial assistance at the graduate level is limited to individuals who are enrolled at least as half-time students and who can demonstrate a financial need. Eligible students may apply for student loans and work study. Graduate assistantships are available through academic departments.

Veterans Affairs
The University is approved for the training of veterans of the military service under education assistance established by the Federal Government and administered by the Veterans Administration. The V.A. Education Programs are coordinated through the Office of the Registrar (ADM 108, 580-774-3778).

Housing and Food Service
Room and board is available in University residence halls. Applications for campus housing and information about University housing may be obtained from the Residence Life Office (southwest corner of Neff Hall, 580-774-3024).

Admission Policy
Southwestern Oklahoma State University takes into account the following nonacademic criteria in admitting first-time, transfer or readmission students: (a) whether applicants have been expelled, suspended or denied admission, or denied readmission by any other educational institution; (b) whether the applicants have been convicted of a felony or convicted of a lesser crime involving moral turpitude; and (c) whether the applicant’s conduct has been such that if the applicant was a student at the time of the conduct in question, the conduct would have been grounds for expulsion, suspension, dismissal, or denial of readmission at the university.

Academic and Admission Policies

Admission to Graduate Degree Program

1. A bachelor’s degree from a college or university accredited by a regional accrediting association is required. SWOSU students who plan to graduate with a bachelor’s degree in a given semester may be considered for admission for the following semester if all admission materials (other than an official transcript) are submitted prior to the appropriate deadline.

2. Submit an application for admission or readmission to the University, and provide proof of required immunizations submitted to Student Health Services.

3. Students should submit an application for admission to Graduate Studies.

4. Official transcript(s) of all credit earned should be submitted.

5. International admissions: Students for whom English is a second language wishing to be considered for admission must provide proof of English Language ability by submitting results of TOEFL with a minimum score of 79 (iBT) or IELTS with a minimum score of 6.5.

6. An international student must complete a Certification of Financial Resources Form showing sufficient resources to provide for the student’s program of study and living expenses while at Southwestern Oklahoma State University. If a bachelor’s degree was competed in another country, the transcript and diploma must be evaluated by a credential evaluation service such as WES (World Education Services) or ECE (Educational Credential Evaluators) or GCE (Global Credential Evaluators.)

7. Refer to the specific degree program for GRE requirements and other admission criteria.

8. Submit letters of recommendation or recommendation forms as required by individual degree programs.

9. When completed credentials are on file with the Graduate Office, the file will be evaluated by the program’s admissions committee to determine admissibility to a graduate program.

    Spring Semester Admission – November 1st
    Summer Semester Admission – April 1st

11. Incomplete application files will not be kept longer than two years.

12. Specific admission requirements for each program are found on their program pages.
General Information

Seniors and Graduate Study
A senior student may enroll in a maximum of nine (9) graduate hours during the final undergraduate year if a full course load is not required to complete requirements of the bachelor’s degree. The total undergraduate and graduate enrollment should not exceed sixteen (16) hours during a semester and nine (9) hours during a summer term. Graduate work may not be used to meet undergraduate requirements, but it may be applied toward professional certification in some instances.

Graduate Tuition Waiver
Students who meet the following criteria and wish to be considered for a Graduate Tuition Waiver must complete and turn in to the Graduate Office a Tuition Waiver application and supporting documents. The Graduate Tuition Waiver will pay tuition only for up to six (6) hours.

1. Admission to a Graduate Program
2. Have completed graduate coursework at SWOSU
3. Currently enrolled in a minimum of six (6) graduate hours
4. Minimum of 3.50 GPA
5. Must be an Oklahoma resident

The deadlines for application submissions are: Summer – April 1, Fall – July 1, Spring – November 1. Applications will not be held for future semesters. Incomplete applications will not be considered.

Advisement and Enrollment
Each student admitted to a degree program is assigned an advisor in his/her major area of interest when the application for admission to a graduate program is approved. Advisors are available to assist students with enrollments and to provide general program information.

The student, however, has the final responsibility of insuring that program requirements are met. Exceptions to requirements outlined in the Graduate Catalog must be approved by the advisor, chair, associate dean (where applicable), the dean of the academic unit, and the Graduate Dean.

Graduate students may enroll on any of the enrollment dates or during regular registration listed in the class schedule (located on the SWOSU website: link) by calling the Registrar’s Office (580-774-3008).

Academic Load
Standard Term: Any course(s) that meets a full 16 weeks during the fall and spring semesters and 8 weeks for the summer. All full-time students are enrolled in a minimum of nine (9) hours per semester and four (4) hours during a summer term. Three quarter-time students are enrolled in a minimum of seven (7) hours per semester and three (3) hours during a summer term. Half time students are enrolled in a minimum of five (5) hours per semester and two (2) hours during a summer term.
Non-Standard Term: Any term that does not meet the 16 week requirement stated above. All full-time students are enrolled in a minimum of four (4) hours per eight (8) week classes and two (2) hours per 4 week term. Three quarter-time students are enrolled in a minimum of three (3) hours per eight (8) week classes and one point five (1.5) hours per 4 week term. Half time students are enrolled in a minimum of two (2) hours per eight (8) week classes and one (1) hour per 4 week term.

Enrollments that exceed sixteen (16) hours during the fall and spring semester and nine (9) hours during the summer term are exceptions and must be approved by the advisor and Graduate Dean. Additional credit may be earned via interim courses.

Course Numbering
5000 level Business courses may be taken only by M.B.A. graduate students. Courses at the 3000 and 4000 level are dual enrollment courses open to most graduate and upper-division undergraduate students. The courses may be used to meet requirements of a graduate degree if part of an approved program. The student must indicate at the time of enrollment if s/he wants a course for graduate credit. Members of the faculty differentiate between the work of graduate and undergraduate students in 3000 and 4000 level courses. Courses completed for undergraduate credit may not be repeated for graduate credit nor can the same class count toward undergraduate and graduate requirements.

Grading System
A grade is given as recognition of certain levels of accomplishment in a course and is to be interpreted as follows:
- A (4.0), Excellent
- B (3.0), Average
- C (2.0), Below Average
- D (1.0), not acceptable toward a degree
- F (0.0), Failure
- S (0.0), Satisfactory
- U (0.0), Unsatisfactory

Incomplete—An incomplete grade may be used at the instructor’s discretion to indicate that additional work is necessary to complete a course. To receive an “I” grade, the student should have satisfactorily completed a substantial portion of the required coursework for the semester. The time limit to satisfy the “I” will be at the discretion of the instructor. “I” grades not changed by the instructor to a credit-bearing grade or an “F” within the specified time limit will remain as a permanent “I” and not contribute to the student’s GPA.

Withdrawal—Students may withdraw during the first eleven (11) weeks of class work in a regular semester or during the first four weeks of class in a summer semester and receive a grade of “W.” Students may also withdraw officially any time prior to and including Friday of the week before final examinations begin and receive a “W” for courses in which they are doing passing work. Students who withdraw from a course in which they are failing will receive an “F” if the withdrawal occurs during the last five weeks of a regular semester or the last four weeks of a summer semester. Students who leave school without officially
withdrawing will receive grades of “F” for courses in which they were enrolled. A grade of “W” has no effect on a student’s grade-point average.

**Repeated Courses**—When a course is repeated, both grades are used in computing the grade-point average, but only one course may be applied toward degree requirements.

**Retention**
A minimum graduate grade point average of 3.0 (B) is required in all master’s degree programs. No grade lower than a “B” on applied music courses will be accepted toward requirements of the Master of Music degree. A maximum of six semester hours of “C” may be applied toward requirements of the Master of Business Administration, Master of Science in Management, and the Master of Education degrees.

After being admitted to a graduate program, a student will be placed on academic probation if the graduate grade point average falls below 3.0 (B) after the completion of twelve (12) semester hours, including transfer credit. During the first probation semester, a student must have a cumulative GPA and/or semester GPA of 3.0. If neither the cumulative nor semester GPA is a 3.0, the student will be allowed to register only as a part-time student (i.e., a maximum of five hours and three hours during the regular and summer term, respectively) until a cumulative GPA of 3.0 is achieved. If a student during a second semester of probation does not earn a 3.0 semester average, s/he will be dismissed from their graduate program. An academic reprieve is not applicable to graduate programs.

**Transfer of Credits**
A maximum of nine (9) applicable semester hours of graduate credit from accredited colleges and universities may apply toward requirements of a graduate degree at Southwestern Oklahoma State University (SWOSU). Only coursework with grades of “A” and “B” is eligible for transfer. **All applicable graduate credit earned at SWOSU prior to admission into a degree program is considered as transfer credit.**

**Unclassified Graduate Students**
Students who have previously completed a Master’s Degree at Southwestern, or who do not wish to pursue a graduate degree, may be admitted as unclassified graduate students. These students must follow the graduate studies admission procedures. A maximum of nine hours taken as an unclassified student may transfer into a degree program. The nine-hour transfer policy includes any hours taken at another university, as well as hours taken at SWOSU before admission to a degree program.

Unclassified graduate students in the School of Business will be permitted to enroll in up to 9 hours of graduate classes provided their undergraduate GPA is at least 3.0. School of Business students will not be allowed to enroll in more than 9 hours without being formally admitted to the MBA/MS program. For more information contact the MBA Advisor.

**Degree Completion Time**
Graduate courses taken more than six (6) years prior to graduation do not count toward the total number of credit hours required for a master’s degree. Courses that are more than six (6)
years old may count as degree requirements as recommended by the academic unit in which the master’s degree is offered and approved by the Graduate Dean.

**Individual Study/Directed Reading**
Graduate students may enroll in an individual study in areas not available in conventional classes. A maximum of **six (6) semester hours** of individual study may be applied toward requirements of the master’s degree upon approval of advisor.

**Candidacy for the Master’s and Specialist in Education Degree**
Admission to graduate studies and to a degree program is not the equivalent of Admission to Candidacy for the master’s degree. It is the responsibility of the student to initiate the application for Admission to Candidacy after the completion of 24-30 semester hours. The candidacy form must be submitted to the Graduate Office no later than the first Monday after close of the drop/add date each semester. The degree candidacy form is to be completed by the student in consultation with his/her major advisor and forwarded to the Graduate Office. The degree candidacy form must include only the courses that apply to the graduate degree program.

**Application for Graduation**
Candidates for the master’s degree are responsible for filing an application for graduation online: **SWOSU website Graduation Application**. Students are strongly encouraged to file this application during the first two weeks of the semester in which they plan to graduate.
