DEPARTMENTAL MISSION AND GOALS

The mission of the Department of Biological Sciences is to provide educational opportunities in biological science that meet the needs of students and citizens of Oklahoma and surrounding states; to support faculty and student research in the biological sciences; and to contribute to the educational, economic, and cultural environment of the university, the community, and the region.

The Department of Biological Sciences accomplishes its mission and that of the university through the following:

- Ensuring quality education by recruiting the most qualified faculty without regard to national origin, race, gender, disability, age, or religion, who are committed to undergraduate teaching, involving undergraduates in research, and providing service to the university and the region.
- Providing courses of study that establish a foundation for life-long learning in biological science and that prepare graduates to successfully pursue professional and graduate education, to become effective teachers, and to begin fulfilling careers in biology and related fields.
- Establishing an environment of academic freedom, intellectual inquiry, and governance that encourages collaborative interactions among faculty and students and that values analytical and critical thinking, diversity of ideas, effective communication, innovation, and intellectual honesty.
- Extending learning opportunities outside of the classroom through field experiences, student research, regional and national professional meeting attendance and participation, service-learning experiences, and seminar series featuring local and invited speakers.
- Supporting faculty and student research with internal and extramural funding, dedicated space, equipment, and time and recognizing the scholarly achievements of faculty and students.
- Maintaining a curriculum that meets the constantly changing needs of modern biology through ongoing assessment by faculty, students, alumni, and external review.

PROGRAMS OF STUDY

Majors:  
- B.S. Biological Sciences
- Biomedical Sciences Option
- Environmental & Organismal Science Option
- B.S. Microbiology
- Medical Laboratory Science Option (3+1)
- B.S. Medical Lab. Science Option (Dual Degree)
- B.S.Ed. Natural Science Education (Biology)  
(Listed in Dept. of Education)

Minor:  
- Biological Sciences

Pre-Professional:*  
- Communication Sciences & Disorders
- Dentistry and Dental Hygiene
- Medical Imaging & Radiation Sciences
- Medicine/Osteopathic Medicine
- Nutritional Sciences/Clinical Dietetics
- Optometry
- Physical and Occupational Therapy
- Physician Associate/Assistant
- Veterinary Medicine

Master:  
- M.Ed. Natural Sciences
- M.Ed. Biomedical Sciences and Microbiology  
(See Graduate Catalog for more information.)

* Students pursuing professional degrees should schedule an appointment with a pre-professional advisor during their first semester on campus to identify requirements specific to their particular program.

GENERAL INFORMATION

The course offerings in the Department of Biological Sciences span the sub-disciplines within the life sciences. Students may choose to pursue a generalized degree in biological sciences, focus their program in one of three program options, pursue professional programs in medical laboratory sciences and education, or pursue
a course of study that prepares students for admission to professional programs in health and medical sciences. This diversity prepares students for professional schools as well as a variety of options for graduate study and careers in professional biology.

SPECIAL OPPORTUNITIES

SWOSU is an affiliate member of the Gulf Coast Research Laboratory, a Mississippi State Institute of Higher Learning. Coursework in marine biology completed at this facility may be applied toward degree requirements in the biological sciences major. Classes are offered during two six-week summer sessions at the marine laboratory at Ocean Springs, Mississippi. Students may also enroll in courses at other field stations and request that credit earned apply to their degree programs.

Students are encouraged to pursue opportunities for research by contacting individual faculty members or applying for numerous off-campus summer research experiences and internships. Students may receive independent study course credit for participation in approved research projects. Paid positions as research and teaching assistants and departmental tutors are available for qualified students. Speak to your advisor or one of your instructors about opportunities for research in Biological Sciences.

STUDENT ORGANIZATIONS

Membership in the Biology Club can further enhance the training received by biology majors. This student organization, established in 1930 and open to all students, assists the department in such areas as display preparation, arrangement for seminar speakers and scheduling of tours of research laboratories and wildlife refuges. Multi-disciplinary organizations such as the Medical Professions Club and the Research Excellence Club provide additional opportunities to serve and experience the opportunities a Biological Sciences degree can provide.

Beta Beta Beta, a national biological science honor fraternity, recognizes the achievements of outstanding biology students. Students have the opportunity to present their research with posters and oral presentations and compete for regional and national recognition for research excellence.

GENERAL INFORMATION

(Programs and Advisors)

New students are assigned to the biological sciences faculty advisor with whom they consulted during initial enrollment. Students should select an advisor from one of the biological sciences degrees and options no later than the last semester of their sophomore year (transfer students entering after their sophomore year should select an advisor before enrolling for their second semester.)

- **B.S. Biological Sciences**
  - Any biological science faculty member

- **B.S. Biological Sciences, Biomedical Sciences Option**
  - Aracena, Ball, Horton, McGrane, Paul, Ubeidat

- **B.S. Biological Sciences, Environmental and Organismal Biology Option**
  - Aracena, Boggs, Castle, Cothran, Frederickson, O’Neal

- **B.S. Microbiology**
  - McGrane, Paul, Somalinga

- **B.S. Microbiology, Medical Laboratory Sciences Option**
  - Horton

- **B.S. Ed. Natural Sciences Education**
  - Boggs

- **Transfer Students**
  - Jones

- **Professional Programs** (Consult advisor in one of the following areas concerning requirements and application information.)
  - **Pre-Medicine, Pre-Osteopathic Medicine**
    - Aracena, Ball, Horton, McGrane, Ubeidat
  - **Pre-Physical Therapy, Pre-Occupational Therapy**
    - Ball
  - **Pre-Dentistry, Pre-Dental Hygiene**
    - Paul
  - **Pre-Veterinary Medicine**
    - Castle, Cothran, Frederickson, Jones
  - **Pre-Optometry**
    - O’Neal
  - **Pre-Physician Associate, Pre-Medical Imaging and Radiation Sciences, Pre-Communication Sciences Disorders, Pre-Nutritional Sciences**
    - Ball

- **Graduate Programs:** Students must apply for graduate programs through the College of Professional and Graduate Studies. Following acceptance into the graduate program, each student will be assigned to an advisor from the Biological Sciences graduate faculty.

Department of Biological Sciences Statement on Evolution

Biology is a natural science that accumulates knowledge through empirical observation and rigorously tested hypotheses. Evolution by natural selection, a foundational principle of modern biology, is supported by overwhelming scientific evidence and is accepted by a vast majority of scientists. Because understanding evolution is fundamental to the understanding and practice of modern biology, Southwestern Oklahoma State University biology faculty teach evolution throughout the biology curriculum. This practice is in accordance with policy statements from the National Academies of Science, the American Association for the Advancement of Science, the American Institute of Biological Sciences, the National Science Teachers Association, the American Biology Teachers Association, the Oklahoma Academy of Sciences, and the Oklahoma Science Teachers Association and is supported by numerous religious denominations and organizations. Because we are a science department, we do not teach philosophically deduced theories or alternative hypotheses that cannot be rigorously tested.

For more information visit our web site at:
http://www.swosu.edu/biology/

Medical Laboratory Sciences

Students interested in working in medical laboratories may pursue an Associate degree as a medical laboratory technician (Sayre Campus) or a bachelor’s degree in microbiology-medical laboratory sciences option (Weatherford Campus and clinical study at an accredited affiliated hospital).

Prior to admission to a clinical program, students complete 90 hours of general education and pre-medical laboratory sciences course work. This is the 3+1 program and after completion of the program, the student is awarded a B.S. in Microbiology, Medical Laboratory Sciences Option. Students may opt to complete an undergraduate degree before applying for one of the clinical programs. This is the dual degree program and students complete
an undergraduate degree in Biology before applying to the clinical program. Upon completion of the clinical program, students receive a B.S. in Biological Sciences and a B.S. in Microbiology, Medical Laboratory Sciences Option. Students do not have to be admitted to a Pre-Medical Laboratory Science program but should regularly seek advisement from the advisor of Medical Laboratory Sciences in the Department of Biological Sciences in the College of Arts and Sciences.

The clinical training portion of the Medical Laboratory Science option, which involves 30 credit hours, can only be achieved at an accredited hospital in affiliation with Southwestern Oklahoma State University.

Acceptance into the hospital-based clinical training program is the option of the hospital program. Student applications are required and must follow specified guidelines. Minimum requirements for application require an overall grade point average (OGPA) of 2.5. The students must have a personal interview with hospital program officials. After all applications and interviews have been completed, the students will be “matched” to a training hospital for their professional clinical training.

The Professional Medical Training program at the hospital is 12 months. The students will enroll in clinical courses each semester of the year – 12 hours in the fall and spring semesters and six hours for the summer semester. Final letter grades for all 30 hours will not be posted until the total clinical program has been completed.

## BACHELOR OF SCIENCE
### BIOLOGICAL SCIENCES (Code No. 103)

### GENERAL EDUCATION

Courses that are **required** are in bold type.  
Courses that are **recommended** are in italics.  

**TOTAL GENERAL EDUCATION HOURS** ........................................... Min. 40  
**REQUIRED CORE COURSES** ............................................................. 31-35

#### Written Communication................................................................. 6  
- **ENGL 1113** English Composition I  
- **ENGL 1213** English Composition II

#### Mathematics.................................................................................... 3  
- **MATH 1513** College Algebra  
or a higher numbered math course

#### U. S. History .................................................................................... 3  
- **HIST 1043** U.S. History to 1877  
- **HIST 1053** U.S. History since 1877

#### American Government..................................................................... 3  
- **POLSC 1103** American Government & Politics

#### Science ............................................................................................. 9  
Select one course from Life Science and one course from Physical Science. One Science course must be a lab science.

#### Life Science ..................................................................................... 4  
- **Biol 1054** Principles of Biology I w/lab

#### Physical Science............................................................................... 5  
- **CHEM 1203** General Chemistry I (Lecture)  
- **CHEM 1252** General Chemistry I (Lab)

#### Humanities....................................................................................... 6  
- **HUM 1103** Introduction to Humanities  
- **OR**  
   - **HIST 1033** World History

### AND one of the following:  
- **ART 1223** Art Survey  
- **COMM 1263** Introduction to Theatre  
- **LIT 2333** Introduction to Film  
- **LIT 2413** Introduction to Literature  
- **MUSIC 1013** Introduction to Music I  
- **MUSIC 1103** Music and Culture  
- **PHILO 1453** Introduction to Philosophy

#### Human, Cultural, & Social Diversity ................................................. 3-4  
Select one course.  
- **ASL 2163** American Sign Language  
- **CATC 1204** Cheyenne Language I (or higher number)  
- **CATC 1254** Arapaho Language I (or higher number)  
- **COMM 1313** Introduction to Public Speaking  
- **ECONO 2263** Intro to Macroeconomics  
- **ECONO 2363** Intro to Microeconomics  
- **GEOG 1103** World Cultural Geography  
- **ITAL 1004** Elementary Italian I  
- **KINES 1133** Wellness Concepts & Exercise Applications  
- **LATIN 1054** Elementary Latin I (or higher number)  
- **PSYCH 1003** General Psychology  
- **SOCIO 1003** Introduction to Sociology  
- **SPAN 1054** Elementary Spanish I (or higher number)  
- **TECH 1223** Technology and Society

#### Computer Proficiency..................................................................... 0-3  
Students must demonstrate computer proficiency (high school Computer Science course, SWOSU computer proficiency exam, or COMSC 1023 Computer & Info Access).

**GE electives (from at least two different categories)..... to total 40**

### BIOLICAL SCIENCES MAJOR

#### Required Courses............................................................................. 16  
- **BIOL 1254** Principles of Biology II  
- **BIOL 3053** Cell Biology  
- **BIOL 3152** Genetics and Cell Biology Lab  
- **BIOL 3253** Genetics  
- **BIOL 3283** Ecology  
- **BIOL 4901** Biological Sciences Capstone

#### Major Electives................................................................................ 24  
(Electives must include one Field Course [F] or a field course with lab from the Gulf Coast Research Lab or other field station or lab and one Plant Course [P].)

- **BIOL 3012** Biological Terminology  
- **BIOL 3304** Aquatic Ecology [P]  
- **BIOL 3604** Biology of Insects [P]  
- **BIOL 3704** Human Anatomy  
- **BIOL 3814** Biology of Plants [P]  
- **BIOL 3904** Human Physiology  
- **BIOL 4001-4** Independent Studies  
- **BIOL 4010-4** Seminar in Biology  

(A maximum of 4 hours total of Independent Studies and Seminar may be counted toward the major.)

- **BIOL 4021-4** Special Topics in Biomedical Sciences  
- **BIOL 4031-4** Special Topics in Microbiology  
- **BIOL 4041-4** Special Topics Environ & Organism Biology  
- **BIOL 4154** Developmental Biology  
- **BIOL 4204** Vertebrate Biology [F]  
- **BIOL 4213** Immunology  
- **BIOL 4254** Invertebrate Biology [F]  
- **BIOL 4294** Parasitology  
- **BIOL 4314** Environmental Biology  
- **BIOL 4343** Applied Microbiology  
- **BIOL 4355** Microbiology  
- **BIOL 4404** Pathogenic Microbiology  
- **BIOL 4454** Plant Taxonomy [P]  
- **BIOL 4463** Virology  
- **BIOL 4503** Microbial Physiology  
- **BIOL 4523** Environmental Microbiology  
- **BIOL 4604** Terrestrial Ecology [P]  
- **BIOL 4622** Economically Important Plants [P]  
- **BIOL 4703** Infectious Disease Epidemiology  
- **BIOL 4853** Evolution  
- **BIOL 4864** Human Genetics  
- **BIOL 4914** General and Comparative Physiology  
- **BIOL 4935** Cell and Molecular Biology  
- **BIOL 4944** Neuroscience  
- **BIOL 4974** Histology

#### Other Requirements........................................................................ 18-20  
- **MATH 1613** College Trigonometry (or 1834 Calculus I)  
- **MATH 3413** Statistical Methods I  
- **OR** 3433 Statistics I  
- **OR** 2433 Psychological Statistics  
- **CHEM 1303 & 1332** General Chemistry II (Lecture and Lab)  
- **CHEM 2114** Organic/Biochemistry  

(One higher numbered chemistry course with lab)  
- **PHY 1063** General Physics OR one higher numbered Physics course with lab

#### Minor Requirements (see Minor Programs of Study)...................... 18-22

#### Free Electives to total 120 hours.................................................. 0-4

#### TOTAL HOURS.................................................................................. 120

### REGULATIONS PERTAINING TO GRADUATION

Minimum credit hours for graduation.................................................. 120  
Minimum credit hours in the liberal arts & sciences.......................... 55  
Minimum credit hours in upper-division............................................. 40  
Minimum credit hours (3000/4000 courses) in major completed at SWOSU...... 8  
Minimum credit hours at SWOSU (15 of the last 30).......................... 30  
Minimum Grade Point Average in all coursework.............................. 2.00  
Minimum Grade Point Average in major.......................................... 2.00

---

* First time entering Freshmen need to take 1001 Freshmen Orientation

* Chemistry requirement may be fulfilled by 2144 Organic/Biochemistry or Organic Chemistry I and Organic Chemistry II (with labs). Physics requirement may be filled by 1063 General Physics or Basic Physics I and Basic Physics II. Students planning to apply to graduate or professional schools should take Organic Chemistry I and II and Basic Physics I and II.

# Students pursuing Biological Sciences Degree Options should enroll in specified electives during the third and fourth years.

NOTE: Students entering SWOSU with concurrent credits, Advanced Placement or CLEP credits may need to adjust the course sequences accordingly. Likewise, students entering with deficiencies may not be able to complete a degree in four years or may have to attend summer school.

Students applying to professional schools should regularly consult with a pre-professional advisor and the pre-medical committee to be aware of changes in admissions policies and deadlines.

BIOL 4853 Evolution
BIOL 4914 General and Comparative Physiology
BIOL 4974 Histology

Recommend the following for Plant/Field Biol Requirement:

BIOL 4454 Plant Taxonomy
OR
BIOL 4604 Terrestrial Ecology

Other Requirements .......................................................... 9-15

MATH 1613 College Trigonometry (or 1834 Calculus I)
MATH 3413 Statistical Methods I OR 3433 Statistics I
OR PSYCH 2433 Psychological Statistics

PSYCH 1063 General Psychology OR one higher numbered Physics course with lab

Chemistry (Minor) ............................................................ 22

CHEM 1205 & 1252 General Chemistry I and lab

CHEM 1303 & 1352 General Chemistry II and lab

CHEM 3013 & 3111 Organic Chemistry I and lab

CHEM 4113 & 4021 Organic Chemistry II and lab

CHEM 4124 Biochemistry (w/lab)

Clinical (performed at an accredited hospital affiliate) .................. 30

Admission through a competitive statewide process is required to enter clinical coursework. The required clinical hours are awarded only after successful completion of clinical training.

MLS 4117 Clinical Microbiology
MLS 4125 Clinical Chemistry I
MLS 4236 Clinical Hematology
MLS 4246 Clinical Immunology/Immunohematology
MLS 4325 Clinical Chemistry II
MLS 4351 Topics in Medical Laboratory Science

TOTAL HOURS ....................................................................... 157

REGULATIONS PERTAINING TO GRADUATION

Minimum credit hours for graduation ..................................... 157

Minimum credit hours in the liberal arts & sciences ............. 55

Minimum credit hours in upper-division

(3000/4000 courses). ......................................................... 40

Minimum credit hours (3000/4000 courses) in major
completed at SWOSU ................................................................ 8

Minimum credit hours at SWOSU (15 of the last 30) .......... 30

Minimum Grade Point Average in all coursework ................. 2.00

Minimum Grade Point Average in major ........................... 2.00

Upon completion of Clinical Program, will earn B.S. Biological Sciences and B.S. Medical Laboratory Sciences
# B.S. Biology & Microbiology - Medical Laboratory Science Option (Dual Degree) Codes 103 & 552

## Suggested Course Sequence

### FIRST YEAR

<table>
<thead>
<tr>
<th>FIRST SEMESTER</th>
<th>SECOND SEMESTER</th>
</tr>
</thead>
<tbody>
<tr>
<td>1001 Freshmen Orientation (1)*</td>
<td>1203 General Chemistry I (3)</td>
</tr>
<tr>
<td>1054 Principles of Biology I (4)</td>
<td>1252 General Chemistry I Lab (2)</td>
</tr>
<tr>
<td>1113 English Composition I (3)</td>
<td>1213 English Composition II (3)</td>
</tr>
<tr>
<td>1513 College Algebra (3)</td>
<td>1254 Principles of Biology II (4)</td>
</tr>
<tr>
<td>General Education (4)</td>
<td>1613 College Trigonometry (3)</td>
</tr>
<tr>
<td>General Education (4)</td>
<td>General Education (4)</td>
</tr>
<tr>
<td><strong>Total (15)</strong></td>
<td><strong>Total (19)</strong></td>
</tr>
</tbody>
</table>

### SECOND YEAR

<table>
<thead>
<tr>
<th>FIRST SEMESTER</th>
<th>SECOND SEMESTER</th>
</tr>
</thead>
<tbody>
<tr>
<td>3152 Genetics and Cell Biology Lab (2)</td>
<td>1303 General Chemistry II (3)</td>
</tr>
<tr>
<td>3253 Genetics (3)</td>
<td>1352 General Chemistry II Lab (2)</td>
</tr>
<tr>
<td>4355 Microbiology (5)</td>
<td>3053 Cell Biology (3)</td>
</tr>
<tr>
<td>Major electives, Minor courses, or General Educ (4-6)</td>
<td>3283 Ecology (3)</td>
</tr>
<tr>
<td>Statistics course (3)</td>
<td>General Education (6)</td>
</tr>
<tr>
<td><strong>Total (17-19)</strong></td>
<td><strong>Total (17)</strong></td>
</tr>
</tbody>
</table>

### THIRD YEAR

<table>
<thead>
<tr>
<th>FIRST SEMESTER</th>
<th>SECOND SEMESTER</th>
</tr>
</thead>
<tbody>
<tr>
<td>Chemistry requirements (4)*</td>
<td>Chemistry requirements (4)*</td>
</tr>
<tr>
<td>Field/Plant course elective (4)</td>
<td>Field/Plant course elective (4)</td>
</tr>
<tr>
<td>Option electives, Minor courses, or General Education (4-7)</td>
<td>Option electives, Minor courses, or General Education (4-7)</td>
</tr>
<tr>
<td>Physics requirements (3-4)</td>
<td>Physics requirements (3-4)</td>
</tr>
<tr>
<td><strong>Total (15-19)</strong></td>
<td><strong>Total (15-19)</strong></td>

</table>

### FOURTH YEAR

<table>
<thead>
<tr>
<th>FIRST SEMESTER</th>
<th>SECOND SEMESTER</th>
</tr>
</thead>
<tbody>
<tr>
<td>Major electives, Minor courses, or General Education (15)</td>
<td>4901 Biological Sciences Capstone (1)</td>
</tr>
<tr>
<td></td>
<td>Major electives, Minor courses, or General Education (14)</td>
</tr>
<tr>
<td><strong>Total (15)</strong></td>
<td><strong>Total (15)</strong></td>
</tr>
</tbody>
</table>

### FIFTH YEAR

<table>
<thead>
<tr>
<th>FIRST SEMESTER</th>
<th>SECOND SEMESTER</th>
</tr>
</thead>
<tbody>
<tr>
<td>Clinical course taken at an accredited hospital affiliate (15)</td>
<td>Clinical course taken at an accredited hospital affiliate (15)</td>
</tr>
<tr>
<td><strong>Total (15)</strong></td>
<td><strong>Total (15)</strong></td>
</tr>
</tbody>
</table>

* First time entering Freshmen need to take 1001 Freshman Orientation
* Chemistry requirement may be fulfilled by 2144 Organic Biochemistry or Organic Chemistry I and Organic Chemistry II (with labs.) Physics requirement may be filled by 1063 General Physics or Basic Physics I and Basic Physics II. Students planning to apply to graduate or professional schools should take Organic Chemistry I and II and Basic Physics I and II.
